

In the years of testing Bionaid™ and ZeoHeal™ we have seen amazing results. Our experimental research volunteers felt compelled to share their experiences with you.

RENOWNED AUTHOR SHARES ANOTHER STORY ABOUT PAIN AND RELIEF

I write to tell how things are going since I started Bionaid. As you know, I have had great pain throughout the body the last year.

I went to the doctor in March 2008, but he claimed that there was nothing wrong. He took blood tests and x-rays.

Since I work at a nursing home for elderly people, I could 'Stix' my urine to investigate whether something was wrong, and quite correctly. . . it was positive 4 + in both leukocytes, nitrite, protein and erythrocyte (blood). This means in practice that I had strong inflammation throughout the body. When I showed it to the nurse who comes here, she could not understand that I could manage to go on the job at all because I must have incredible pain. (This high inflammation should have been found in a blood sample, so either the doctor can not read results in blood tests, or he is maybe not a doctor at all, even though he works at a medical centre.)

Yes, I did have strong pains, but when the doctor said that there was nothing wrong, you can of course not stay ill. So no one knew that I took 2 panodil Zap + 2 Ipren+ 2 voltar. So 6 painkillers 4 times daily (24 pills each. day) in order to cope with living with pain, and even than I had such pain that I from time to time had to sit down.

That was when I finally got in touch with you and ordered Bionaid. I was so desperate of pain, so I started to take 1 table spoon 3 times daily.

After 2 days, I found myself "forgetting" to take pain pills with my morning coffee. Normally, I had such pain in the morning that I barely managed to get down the stairs from 1st floor.

I sat perfectly still in a chair and watched "Go 'Morgen Danmark" on TV2 and began to feel into the body after the pain. They were gone. . . . I had actually not pain any more. . . . I took no painkillers that day and did not have to take ever since.

After 2 weeks I tested my urine again and it appears that the inflammation is going down. I do not know what it is that makes Bionaid remove the pain completely, while the cause slowly decreases. Although inflammation is going down, it's still so much that I normally should have had great pain.

But for me, it's important that I get better and no longer has pain.

But inflammation is in any case on the way down. Last I tested the urine Leu. & Nit was 2 + and protein were normal. I still have some blood in the urine, but I give it some more time, than we will see. . .

FAMILY RECOVERING FROM VARIOUS ILLNESSES

I could go on and on about the Bionaid and Zeoheal. But I will try to make this short. My husband went to bed one night in March of 2007 feeling fine and woke up the next morning sick and has remained sick since then. We owned our own business and were doing very well. I thought that this would be over soon and I held on as long as I could. We owned a fencing business, I did the business part and my husband did the hard work. First one month then another and instead of him getting better he just kept getting worse. We had no insurance and went from doctor to doctor to hospital to hospital. At first no one knew anything. Then I think they got tired of seeing us and started to tell him he had all kinds of horrible things that turned out not to be. We have a beautiful little girl that we adopted shortly before he got sick. She spent many nights in hospital ER rooms she had to see her dad get worse and worse. She had to watch him go through seizures that he never had before this. He almost died 3 times. It has been the most horrible time of my life, We have lost the business and are putting our house on the market as we no longer can afford it. This has changed our lives forever.

I never gave up hope that he would get better. He has not been able to speak very well he could not walk without someone to help him. It affected his mind as well as the right side of his body. He has not been a part of living since he got sick. He barely spoke, never laughed or smiled, did not go anywhere, did not have anything to do with our little girl. I had to get him everything he needed he could do nothing for himself.

Jump ahead to January 1st 2009 I ordered and received Bionaid and Zeoheal. I had great hopes but really did not think that it would do much as I have tried everything out to try to bring my husband back to us. I started these products January 1st and this writing is on January 13th. 13 days into this and I have never been so happy or amazed at any product in my life.

David is now walking, not only walking but he has a spring in his step. The slurring speech is all but gone. He is laughing, smiling and talking like he used to. He was not able to cross his right leg over his left. He now can do this with no problem as well as showing off and bring his right leg up to his forehead. He called me in our room two nights ago and said watch this. He began to get down on the floor, I was puzzled by this as the one time he got on the floor before this I had to pick him up. I watched as he got down with no problem. He then did something that I never would have believed had I not seen it, He did a push up. Just one mind you but it was the best thing I have ever seen. He then with no help from me got back up off the floor, He also informed me that he could do a sit up. Now I suppose to some one sit up or one push up does not sound like any big deal. But when you could not do anything 2 weeks prior this is huge, He is now making plans for the future as well as playing with our daughter. He is making jokes, going outside, and doing things that I have not seen him do since he got sick.

I can not thank you enough for this product, I know that this is saving my husband's life as well as mine and our little girl. I can tell you the progress that we are seeing can only be from this product. No other explanation for it.

I would be more than happy to talk to anyone who has questions or who might be thinking that this is just another one of those useless items that take your money and do nothing. THIS IS THE BEST

PRODUCT I HAVE EVER SEEN!!!!!!!!!! I know that folks don't know me. But I can assure you that I have high morals . I would not say these things about this product if it were not true.

I will even give my number to any one who wishes to talk to me about this. I have kept a log on the progress since starting this that I would be happy to release . Please believe me this stuff works.

NEVER GIVE UP. PRAY, AND USE THESE PRODUCTS AND YOU TOO CAN SEE FOR YOURSELF WHAT A MIRACLE THIS PRODUCT IS

Thanks again Elder for the chance to see and have my husband back.

Thora Pullen

DAUGHTER UNAFFECTED BY FLU EPIDEMIC AT SCHOOL

The Bionaid has kept my daughter flu free during a major outbreak at school. This is absolutely AWESOME!!

Thanks,
Sally Reed / Wisconsin
